

THE UNIVERSAL CLOSERS FOR STANDARD DOORS – TESTED AND APPROVED TO EN 1154

As units designed especially for interior applications, the TS 92 and TS 91 door closers constitute the perfect complement to the DORMA TS 93 cam-action door closer system. They likewise come in the Contur design and, thanks to their linear drive mechanism with heart-shaped cam, they

offer the same ease of use. Moreover, their competitive pricing combined with their outstanding level of assured quality make them particularly attractive from an economic standpoint as well.

Certified to ISO 9001
